Alfred Mill : Economics 101: From Consumer Behavior to Competitive Markets--Everything You Need to Know About Economics (Adams 101) before purchasing it in order to gage whether or not it would be worth my time, and all praised Economics 101: From Consumer Behavior to Competitive Markets--Everything You Need to Know About Economics (Adams 101):

1 of 1 people found the following review helpful. Five StarsBy Customergreat companion work1 of 1 people found the following review helpful. Five StarsBy EJRAlfred did a fine job writing this book.0 of 0 people found the following review helpful. Great for beginners looking to learn about economics/financingBy khayree womackI get it 5 stars because it explained concepts and financial jargon in what o believe to be as simple as it'll get, without substantially

lowering the level/quality of the material. The author provides great and easy to understand examples will definitely leave you feeling as though you're ready to take the next step (whatever that may be). Definitely recommend to beginners!

A Crash Course in the Study of Production and Consumption! Too often, textbooks turn the noteworthy details of economics into tedious discourse that would put even Joseph Stiglitz to sleep. Economics 101 cuts out the boring explanations, and instead provides a hands-on lesson that keeps you engaged as you explore how societies allocate their resources for maximum benefit. From quantitative easing to marginal utility, this primer is packed with hundreds of entertaining tidbits and concepts that you won't be able to get anywhere else. So whether you're looking to master the major principles of finance, or just want to learn more about why money matters, Economics 101 has all the answers--even the ones you didn't know you were looking for.

About the Author Alfred Mill is a self-professed economics buff and experienced professor on the subject. He began his career as a graduate TA and has since gone on to teach courses ranging from the principles of economics to in-depth theoretical discourses on economic policy and political rhetoric. He lives in the Pacific Northwest with his family.
