If you want to read someone's discombobulated journal entries for a graduate level course, go for it.0 of 0 people found the following review helpful. "Leading with Soul" a Great Read!!By Kristina E. BergmanThis was a great read from cover to cover. It explains how one can learn to use their spirit and soul to lead others and show compassion and empathy, feelings that are slowly

disappearing from the corporate world. It also discusses how one can utilize ideas of others and give everyone involved ownership and authorship. I could not wait to see what happened in each consecutive chapter. I am going to locate the first book this dynamic duo authored!!0 of 0 people found the following review helpful. Excellent book! I will be using it in my ...By Dr. Armand DesmaraisExcellent book! I will be using it in my graduate class.

Since its original publication in 1995, *Leading with Soul* has inspired thousands of readers. Far ahead of its time, the book bravely revealed the path to leadership to be a very personal journey requiring a knowledge of self and a servant-leader mentality. Now, in this new and revised edition, authors Bolman and Deal address such current issues as the changing nature of work, the new face of today's workforce, and the greater need for an infusion of soul in the workplace. They also include real-life stories from readers of the first edition, and answer key questions that those readers raise. As vital as ever, this revisited narrative of an executive and his quest for deeper meaning continues to point the way to a more fulfilling work experience.
