Life's too short not to read this!By Claire - The Coffeeholic BookwormThis book is definitely a must read! It really uplifts your spirit and slowly calm your nerves when you read the anecdotes and the scriptures that bear special messages to us, professionals.. It makes us realize things that we're supposed to be doing while we're at it..Life's too short not to!

This charming book is a gentle reminder to slow down, take a breath, and enjoy the journey. The frustrations of work

can build until we're ready to scream! But life's too short to allow the aggravations of the workplace to spill over into our hearts. Life's too short not to!
