George Binney, Colin Williams, Gerhard Wilke : Living Leadership: A Practical Guide for Ordinary Heroes (Financial Times Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Living Leadership: A Practical Guide for Ordinary Heroes (Financial Times Series):

Reassess your leadership style, discover how to connect with people, and become a leader who can make things

happen in the real world. Built on a unique four-year experiment working alongside real leaders in real businesses, *Living Leadership* explodes the myth of the charismatic, transformational leader, to show that real progress comes from the dramatically ordinary aspects of leadership. From building relationships, to working with the grain of the organisation rather than against it, and to knowing our limitations as much as pushing every boundary, the new edition of this book will challenge you to push your leadership skills to a new level. "Living Leadership shows how, when you take away the myths and misconceptions, leading can genuinely be made easier." Hans Straberg, CEO, Electrolux "A how-to book that redefines leadership in terms of the realities and choices facing people in organisations today." Professor Michael Osbaldeston, Director of Cranfield School of Management
