**Rajeev Agarwal : Maine IIT Meain Jo Nahi Seekha** before purchasing it in order to gage whether or not it would be worth my time, and all praised Maine IIT Meain Jo Nahi Seekha:

This is Hindi Translation of English Book What I Did Not Learn at IIT written by Rajeev Agarwal. Every year graduating engineers are told that they are destined for success. But what are the habits and behaviours that actually lead to success? In What I did not learn at IIT, Rajeev Agarwal, the Founder and CEO of MAQ Software, has distilled

decades of life experience into one accessible and informative guide. In simple language, he explains the success techniques he applied and what worked for him. Encouraging graduates to look at their careers over a 40-year span, Rajeev explains that successful people choose to be passionate about every job they have. Using a skillful combination of personal stories and checklists, *What I did not learn at IIT* provides students—young and old—with a roadmap for success.
