The 'Must read' for today's teachersBy Steve GiffordA refreshing change from so many books on education that spell out some "new" strategy then kill you by the number of words or cliches. You can read a chapter, get some great ideas

that are easy to put into play that will take your students to thinking at deeper levels. included is some fun info on how the brain works to verify the worth of the strategies contained inside. He has excellent experience as a teacher, administrator and trainer. The best book I have read in years.

A hands-on guide for challenging ALL kids to think, create, and aspire!nbsp;John DeLandsheer brings 40 years of experience to this motivating resource that shows teachers how to raise the bar for all students. Included are strategies for differentiating instruction within the general classroom to challenge all learners with more rigorous content, showing teachers how to:nbsp; Optimize learning by applying the six components of a brain-friendly classroom Build critical thinking skills with Socratic questioning and moral dilemmas Connect content through interdisciplinary themes Stimulate creativity with brainstorming activities Develop studentsrsquo; research and study skillsnbsp;

"John's wealth of knowledge and humor make his trainings exciting. Our teachers leave his workshops with hands-on techniques to make differentiation for their GATE students more challenging and meaningful."--Mary O'Rourke, GATE Coordinator (05/18/2010)"I truly value the skills and insights I came away with from this work. Thanks to DeLandsheer, I now believe I can teach, and think, outside the box."--Katherine Kingsley, 2nd Grade Teacher (08/13/2010)"Excellent instruction in teaching and understanding GATE students. I look forward to trying my new skills."--Linda Laymon, 3rd Grade Teacher (08/13/2010)"The author provides a wide range of strategies that will increase the depth and complexity of learning for every child. It will be a must-read for every educator looking to increase the rigor of his or her learning expectations. --Kathy Tritz-Rhodes, Principal (05/12/2010)"This is an instant gratification, pick-up-and-use-immediately, teacher-friendly book. I got so excited about the strategies that I immediately began to use some of them in my classroom." --Mary Beth Cary, Teacher of the Gifted (05/12/2010)" The author provides a wide range of strategies that will increase the depth and complexity of learning for every child.
