**From Routledge : Modern Greek Literature: Critical Essays (Garland Reference Library of the Humanities)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Modern Greek Literature: Critical Essays (Garland Reference Library of the Humanities):

The essays collected in Modern Greek Literature represent the work of young scholars as they expand the range of approaches to modern Greek literature. The contributors vary in their focus from comparative studies to the study of religion or the literature of diaspora. The theoretical questions that the essays raise address both classic and contemporary debates, from genre explorations to the relationship between literature and national identity. Each

contribution to this volume represents a fresh look at Greek literature and opens a distinct pathway for further research and consideration. From this collection will arise innumerable opportunities to gain a newer and deeper understanding of a great literary tradition.

About the Author Gregory Nagy is Professor of Classics at Harvard University and the Director of the Harvard Center for Hellenic Studies in Washington D.C. He lives in Washington D.C. Anna Stavrakopoulou is Lecturer in Modern Greek Literature at Harvard University and Deputy Executive Director of the AS Onassis Public Benefit Foundation in New York City. She lives in Cambridge, MA.
