NoNonsense The Money Crisis: How Bankers Have Grabbed Our Money - and How We Can Get It Back:

Bankers and speculators build castles in the air but when they come crashing down ordinary people have to pick up the tab. How we've made such a mess of our money system is explained, from the earliest banks right through to "collateralized debt obligations." The author suggests the framework for a fairer financial world: the practical ideas, required regulations, and real-life examples. Peter Stalker is a former co-editor of the New Internationalist who now works as a consultant to a number of UN agencies. His books include *Workers without Frontiers: The Impact of Globalization on International Migration* and the *No-Nonsense Guide to International Migration*.

'Peter Stalker's concise explanation of the money crisis does an excellent job of deconstructing finance.' - Walden Bello, *Focus on the Global South*, Philippines. 'These short books supply us with clear, well-written and memorable analyses that cut to the chase.' - Susan George, President of the Board, Transnational Institute.
