Jerold H. Israel, Wayne R. LaFave : Nutshell on Criminal Procedure - Constitutional Limitations, 7th before purchasing it in order to gage whether or not it would be worth my time, and all praised Nutshell on Criminal Procedure - Constitutional Limitations, 7th:

3 of 3 people found the following review helpful. Super Study AidBy Benjamin G. ClemmerThese Nutshells, in my opinion are one of the top two study aids on the market. This book will help you learn the broad concepts that the class is about before you have the actual class and begin the readings from the case book. Also, most of them aren't very long, so it makes a super refresher book before really starting to study for finals. Naturally, with free shipping, I think AMAZON is the best place to purchase them.0 of 0 people found the following review helpful. SAYS 2011, BUT APPEARS TO BE THE 2006 EDITIONBy Joe BlowI just opened the cover, may be a great book, but in the preface it

states "This text includes cases decided by [SCOTUS] through July, 2006, the conclusion of the October 2005 Term", though it's supposed to be a 2011 edition. This might just be an error, or I might be overlooking something. When this is fixed, or there is another later preface also in the book, or the like, I have no problem with this post being deleted. 3 of 3 people found the following review helpful. Excellent Resource By Michael Myers This book was really helpful during my open-note Crim Pro final. I had some multiple choice and true/false in addition to essays and some of the questions were directly answered by the book. It was also a good overview for some tricky subjects, really helped pull it all together.

A succinct analysis of the constitutional standards of constitutional criminal procedure. Intended for use by law students of criminal procedure. It is a succinct analysis of the constitutional standards of major current significance. This is not a text on criminal procedure, but rather about constitutional criminal procedure. It avoids describing the non-constitutional standards applied in each state and federally. The text provides the scope and highlights you need to excel in understanding this field. This will enable you to answer exam questions more quickly and accurately, and enhance your skills as an attorney.
