**From Palgrave Macmillan : Open Innovation through Strategic Alliances: Approaches for Product, Technology, and Business Model Creation** before purchasing it in order to gage whether or not it would be worth my time, and all praised Open Innovation through Strategic Alliances: Approaches for Product, Technology, and Business Model Creation:

Open Innovation through Strategic Alliances demonstrates the vital role and applications of strategic alliances between firms and research organizations in creating and applying knowledge for the development of new products, technologies, or business models.
