**From Routledge : Payment Systems in Global Perspective (Routledge International Studies in Money and Banking)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Payment Systems in Global Perspective (Routledge International Studies in Money and Banking):

This book provides an authoritative overview of the complex practical and policy implications of international payments systems by central bankers from both developed and developing countries, Payments Systems in Global Perspective presents the results of a survey of international central bank practice conducted by the Bank of England.

""Wielding data collected from central banks in 70 countries contributors examine the development of payment instruments in industrial, transitional, and developing economies..""-Business Horizons
