**Jeffrey B. Little : Understanding Wall Street, Fifth Edition (Understanding Wall Street (Paperback))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Wall Street, Fifth Edition (Understanding Wall Street (Paperback)):

0 of 0 people found the following review helpful. Add more on Ratios to evaluateBy Com ChaseThis a good introductory book, very useful to understand some of the basic operations at Wall Street. I would want to see a chapter covering the typical ratios to make diagnosis and why they may fail or when they can be used to establish stock value

and trend. The book only mention the P/E and the PEG, but there are several other indicators.0 of 0 people found the following review helpful. Excellent Book Fifth EditionBy MarkExcellent book. This book is the Fifth Edition and has expanded on many topics and added chapters. I remember reading the first edition back in the late 1980's. The book help me better understand stocks, bonds, and mutual funds. I highly recommend the book for beginners and advance investors.1 of 1 people found the following review helpful. I read this years ago, 1980's?By PhilinbosI read this years ago,1980's? and found it helpful - Purchased a copy for the kids - Don't know if any of them actually read it

A fully revised edition of the INVESTING CLASSIC For over 30 years this comprehensive, easy-to-read guide has served well as the definitive reference for successful investing. Now in its fifth edition and completely updated, Understanding Wall Street helps investors prosper in today's challenging economy—whether yours is just beginning or among the millions soon to retire. Understanding Wall Street, Fifth Edition, has new sections and information on the issues most important to today's investors, including: How to use the Internet as an investing tool The shift to exchange traded funds (ETFs) The link between Wall Street and Main Street The Risks and rewards of the global economy Praise for previous editions of Understanding Wall Street: "Recommended. An excellent introduction to stock market intricacies." "A lucid guide to those downtown mysteries." "Newsday "Remarkable . . . it remains as useful as ever . . . Experience may be the best teacher, but this manual runs a close second." American Library Book Review

About the AuthorJeffrey B. Little has been a registered investment analyst, serving as senior analyst at a major Wall Street firm and as a vice president of the prominent investment counsel firm, T. Rowe Price Associates. Lucien Rhodes is a respected financial journalist with several years experience as a senior analyst and portfolio manager in both commercial and investment banking.
